

TR-200

COMPACT FOLDING CART

Designed around a sturdy telescopic steel frame, the TR-200 is a folding cart offering a maximum load capacity of 200 kg, making it ideal for musicians, DJs, sound technicians or contractors. The loading surface of the TR-200 can be adjusted from 750 to 1200 mm, enabling the cart to be adapted to suit every need. Its 320 mm width offers generous space for transporting a wide range of gear, from musical instruments to PA speakers. When folded, the cart measures just 870 x 460 x 275 mm (including wheels), making it easy to store and transport.
